## REVEILLE DISTRICT HAS GOOD OUTLOOK

SHIPPING OF ANTIMONY ORE WILL BEGIN AT ONCE BY TRUCK TO TONOPAH

Bert Pollard is in from a hard auto trip to Reveille. The roads were so bad, as the result of melting snow when he went out that he was stuck in several places and was held up one for two days. On his return trip he made repairs and now the road is it

passable shape.

Mr. Pollard will return Monday. He has a contract to truck in antimony. There are twenty tons of high grade out ready to ship and hundreds of tons that at present prices will run from \$40 to \$50 a ton.

The entire Reveille district looks very promising for the coming season. For several months the place was practically anowbound and very little work could be done, but now the snow s disappearing rapidly.

## **ACTIVITIES SHOWN BY** THE EIGHTH GRADE

OF THE CLASS LITERARY SOCIETY

(By Vernie Cleary, Class Editor.) Yesterday afternoon the eightagrade gave a candy sale. It was given owing to various reasons the sale was not as good as usual. Only half of the candy was sold and \$5.30 cash collected. The candy was all homemade and donated by the class. "Happy" Bowler has kindly offered the chance of seiting the remainder at chance of selling the remainder at his dance this evenind. The money collected will go to the eighth grade athletic fund, and it is hoped that all the candy will be sold. Last night the Literary club of the INFORMED OF GAMES

Twelve thousand wollars has been added to the Sparks payroll. This amount is in addition to the monthly sum that has heretofore been appropriated. It means the addition of 50 or 60 more men to the payroll, Manual of the Mechanic Lones stated vosterday. ter Mechanic Jones stated yesterday that he is now employing men in ac-cordance with the increase in the appropriation, says the Sparks Tribune. The addition of 60 men to the payroll will mean over 600 men employed in the mechanical department in Sparks and will be the largest force that has ever been at work at the railroad shops since the town started. All along the line the same in-crease will be felt. Carlin, Imlay, Mina and other terminal points will get a certain percentage of increase over their present forces.
